**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We live in a Rural community and do not have a mainstream type of life. We appreciate our local carriers to provide us with isp internet services. They have also helped us manage our web content and licensing. Why would we be forced to use a Large Conglomerate Companies like ATT and Centurylink for future services? Its not fair. We have had the same company since 1999 and do not wish to be put in a corner with no competition for our local services. You need to keep the peoples options open. This is critical to our area.

Thank you for your time and we hope you make the right decision to leave things as they are!!!
